

STEP

SUBSTANCE USE TREATMENT ENHANCEMENT PROGRAM

BY Chase Brexton Health Care

**A WEEKLY MEDICAL &
PEER SUPPORT CLINIC FOR
SUBSTANCE USE TREATMENT**

The STEP Clinic is a weekly medical and peer services clinic designed to provide both medical care and peer assistance to help manage recovery from opiates or alcohol use.

MEET WITH A MEDICAL PROVIDER

Each appointment includes a brief physical exam and medication management discussion with a medical provider who specializes in medication for substance use treatment.

SPEAK WITH A CERTIFIED PEER RECOVERY SPECIALIST (CPRS)

Our CPRS' are experts in treatment and recovery who have sustained recovery and wellness themselves. A CPRS will meet with you to talk about your goals and any areas of support you may need.

RECEIVE YOUR PRESCRIPTION

During your appointment you will receive your prescription for the medication that will best help to support your recovery.

COME AS YOU ARE

Not currently in medical substance use treatment? You're in the right place. You do not need to be in recovery from substance use to make an appointment.

FOR CHASE BREXTON PRIMARY CARE PATIENTS

To make an appointment for the STEP Clinic, you must receive or intend to receive primary care at Chase Brexton.
